Olga Kochlewska has been setting new standards of skincare since 2016.

“What if we created the best version that our skin could be? Not by yearning for airbrushed pictures or comparing it to filtered images, but by looking honestly at our own skin and delving deep, under expert guidance into how our individual epidermis operates. Then, we can create the best results,” shares Olga Kochlewska. She adds, “When we create personal holistic strategies and utilize the most time-tested products and rituals, along with emerging research and cutting-edge technology, then we can develop truly unique approaches for optimum beauty. We have created the concept of Authentic Beauty, a method by which we strive to create the optimum condition your epidermis can achieve, even after just one facial.”

The SKIN By Olga Spa Stay package includes a Bed & Breakfast stay in a Garden Wing Superior Room for one adult and one two hour treatment with Olga. The bedroom occupancy may be increased to include a second guest (Twin or Double occupancy) at a supplement of €20 per night. Should both guests wish to book treatments with [Olga](#), the package can be tailored.

Olga's philosophy is simple; we all live with different skin, so there must be a unique way to treat each one. Her tailor-made approach grants your skin the natural facelift it dreams of. Combining knowledge from the best kept secrets of Parisian laboratories and rituals inspired by the pristine landscape of the Swiss Alps, [Skin by Olga](#) creates a bespoke approach to your skin's needs blending expertise, exclusive brands and instinct along with cutting edge technology. Olga is the only licensed therapist and stockist in Ireland of the famous Swiss institution - Valmont. Olga introduced her clients to a new level of luxury skincare by bringing to Ireland many independent brands from around the world.

"I am so excited to be invited for residency at Cashel Palace," shares Olga Kochlewska. She adds "We have created a sanctuary in the heart of Dublin with our Skin by Olga salon so it feels like a great fit to join the sanctuary that The Spa at Cashel Palace has created in central Ireland. It will be wonderful to treat people when they are enjoying a luxurious space and in a relaxed and peaceful state of mind, as opposed to the hustle and bustle of our city based salon where clients are coming in and out from busy schedules. I have always believed that environment has a huge influence on our skin; so to work amidst the beauty and luxury of the Cashel Palace Hotel, grounds and gorgeous surrounding areas, will be a treat not just for our clients but also for myself."

The world-class Spa at Cashel Palace takes full advantage of the glorious views of the Rock of Cashel, with a light-flooded and heated 17-meter swimming pool including 5 meters outdoors and delightful seaweed baths designed to enjoy a therapeutic soak. Guests can partake in an invigorating session in the hot and cold experience showers, relaxing Jacuzzi, and superior Klafs steam room and sauna. The facilities extend to a fully-equipped gym, hair salon, and yoga studio, where you can enjoy a healthy smoothie in the outside spa terrace overlooking the gardens. The elite therapists work with Bamford, Valmont and Skin by Olga products to deliver a selection of indulgent spa treatments and rituals for guests. Choose from calming, nurturing, and balancing skin and body therapies and feel your stresses melt away.
